For the Kiddos

Splash Shack has a 30-foot-tall interactive water play structure where you can ride down a water slide, splash around under water wheels, or get soaked by a huge dump bucket! What's even more enjoyable is that you don't have to worry about sunscreen or the unpredictability of the weather since it's all indoors. Visit year round for an exciting and memorable family experience.

Fun for Fido

[Cedar Park Bark](#) is a five-acre fenced dog park located in [Veterans Memorial Park](#). It offers a dog pond, dog showers, doggie water fountains, waste stations, covered benches, and a separate park for small dogs. Best Kept Secrets

Dinosaur Tracks can be found in nearby Leander, fossilized in the bedrock of the South Fork of the San Gabriel River. The tracks are off of the beaten path and require a bit of hiking along the river to view them. Approximately 12 dinosaur footprints can be seen in the riverbed about a half mile west of the US 183 bridge that crosses the river. A non-commercial destination, you won't fight crowds during your visit, and be sure to wear appropriate clothing and footwear. You should also consider water, snacks, and bug spray for the scenic trek.
